28 November 2013

Dear Supporters,

I bring you greetings in the name of our gracious and loving Lord.

The Christmas lights at Orchard Road are already up, and we are reminded once again the Son of God with all the glory due Him took on human form to give His all for humanity. As we look forward to the festivities of the season, let us adore and thank Him for much He has blessed Singapore with. Let us also give to the less fortunate as He has given.

It has been a good three months since the mid-August membership launch of Bamboo Foundation. I would like to update you on the developments at Bamboo Foundation.

Since our membership launch, we have made some steady progress. We now have a total of 8 Founding Members, and will continue to work hard towards our target of 20. We have visited Cambodia, Thailand and China to understand MMS's ministry in these places and explored social enterprise opportunities for Bamboo Foundation.

In Cambodia, we have initiated discussions with relevant parties on three possible projects:

- Micro enterprise training and selection programme, to help improve the livelihood of Cambodian Methodist church members. The objective is to enable the Methodist churches to be self sustaining over time.
- Fish farming system prototype at the MMS orphanage (COSI), to experiment and provide training on the high-yield technology. This is with a view to partnering the technology/system provider in supplying the system as well as providing consultancy to the Cambodia market.
- Maid training at MMS's Emmaus Women Centre, in preparation for the opening of the Singapore market to maids from Cambodia. Apart from poverty relief, this could also be an outreach ministry for MMS for the duration of the live-in training.

We expect to have some projects commenced next year, and new ones identified into the pipeline.

We are mindful that our business initiatives must not detract from Christian ministry, we have therefore chosen to align our corporate objectives with those of the Methodist Missions Society (MMS) and instituted ministry criteria in our decision making processes.

The objects of Bamboo Foundation, as contained in our Memorandum and Articles of Association, are:

- To set up enterprise in order to extend Christian charity and complement MMS ministries
- To raise funds and rally expertise for the cause
- To promote charitable enterprise projects and manage on behalf of donors
- To mobilise expertise for support of MMS ministries.

You would have already been given a copy of the M&A. If not, please let us know and we would make arrangements to get one to you.

Bamboo Foundation is still in need of more Founding Members, to provide it with sufficient seed funding and to fill board positions for good governance.

We hope to enroll your support and partnership, to make a significant difference through social/charitable enterprises to the lives of the needy in the countries around us. We strongly believe business enterprise can be an impactful and sustainable means of complementing Christian outreach ministry. Our acronym BAMBOO (business as missions, blessings outreach opportunities) aptly captures the purpose of the company, which is to reach out with blessings through business opportunities.

We invite you to join us as a Founding Member, to help advance this pioneering effort. If this seems like a meaningful application of your talents – financial and expertise – please contact any of the following people:

Han Hai Kwang - Tel: 9780 9907

Email: han.haikwang@bamboofoundation.sg

Alvin Tan - Tel: 8123 4216

Email: tan.alvinys@bamboofoundation.sg

Thank you for considering. May the blessings of our Heavenly Father be with you and your loved ones.

Yours for His Glory,

Han Hai Kwang

on behalf of the Board of Directors
